New Service **Alert!!!!**

Young SMILES

Young SMILES is a programme for children and young people aged 6-16yrs whose parents are experiencing a significant mental health illness. The programme involves group work with young people and group support for parent(s) or significant carer.

- Aimed to support families to grow and achieve together
- Improve communication between parents and their children
- Provide an understanding to young people about mental illness
- Enhance problem-solving skills
- Help parents understand the needs of their children
