

Child Protection and Safeguarding Policy

Pearl Hyde Community Primary School

September 2019

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

'... protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.'

Children includes everyone under the age of 18

Definition of safeguarding – KCSiE September 2019 (para 4 pg. 5)

What is child protection about for our community?

At Pearl Hyde Community Primary School all, the adults around you are passionate about your health, safety and welfare.

In our school we respect you, want to keep you safe and protect your rights. We do our best to support you to make good progress academically, socially and emotionally.

Child protection and Safeguarding runs through your curriculum like a 'Golden Thread'; it is always there.

We teach you throughout the curriculum at every opportunity about how to keep safe and specifically according to your needs, how to recognise risks in different situations and how to protect yourself and stay safe.

How will we try to protect children?

We provide a safe environment for children to learn in. We want to ensure that all children remain safe, at home as well as at school. We recognise it is important for our children to know where to get help if they are worried or unhappy about something. It is the role of all adults in our school to keep children safe, if they need to talk – we will listen! They know they can talk to any adult in school.

Worry Boxes are in place across KS1 and KS2 in each classroom, which are checked regularly by the Learning Mentor. All comments are followed up to make sure the children are okay, help and support if needed is provided.

The children know they can:

- Speak to any adult in school if something is worrying them.
- Use the worry box in class if this is easier for them.
- Tell a friend about their worry and ask their friend to support them when going to speak to an adult.
- Ask their friend to speak to an adult for them
- If a friend has shared a worry with a friend, they know they can go to tell an adult if they think their friend need adult support.

The children know to never keep it a secret if it is unsafe, such as:

- Someone is bullying them
- Someone is saying funny things to them that they do not like upsets them
- Someone is touching them inappropriately
- Someone is trying to give them tablets, cigarettes, drugs or alcohol;
- Someone is hitting or hurting them
- Someone is sending unkind messages online or on an electronic device

This list is not exhaustive.

We understand that safeguarding, child protection and promoting the welfare of all children is everyone's responsibility and everyone has a role to play in protecting children. We recognise that our school is part of a wider safeguarding system for children and work closely with other agencies to promote the welfare of children. We maintain an attitude of 'it could happen here' and will consider the wishes of, and at all times, what is in the best interests of each child.

4 Types of abuse

4.1 As outlined above, all staff will be trained in indicators of abuse and should be able to recognise signs of abuse. We recognise that abuse, neglect and safeguarding issues are complex and can rarely be covered by one label. Abuse can take many forms and can involve directly inflicting harm on a child, or failing to protect a child from harm. The four main types of abuse that staff are trained to recognise are;

- Physical abuse;
- Sexual abuse;
- Emotional abuse;

- Neglect.

4.2 Types of abuse (Taken from Working Together to Safeguard Children, 2018)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
Sexual abuse	Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily

Type of abuse	Information
Child sexual exploitation (CSE)	<p>involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.</p> <p>The sexual abuse of children by other children is a specific safeguarding issue in education.</p> <p>CSE is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.</p>
Neglect	<p>The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.</p>

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's social care (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should be available at all times, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from social care and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 The school recognises that any child can be the victim of abuse and may benefit from early help. However, the school will be particularly vigilant to potential need for early help if a child;

- is disabled and have specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child.²

4.7 Pearl Hyde School recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if Pearl Hyde School believes that a child is at risk of or is the victim of;

- physical abuse;
- sexual abuse;
- child sexual exploitation;
- emotional abuse;
- neglect;
- bullying, including cyber- or online-bullying;
- child criminal exploitation (including involvement in county lines);
- domestic abuse;
- fabricated or induced illness;
- faith-based abuse;

² Taken from paragraph 18, [Keeping Children Safe in Education \(September 2019\)](#)

- female genital mutilation;
- forced marriage;
- gangs or youth violence;
- gender-based violence;
- hate;
- radicalisation;
- relationship abuse;
- serious violence;
- sexual violence or sexual harassment (including peer on peer abuse);
- sexting;
- So-called 'honour-based' violence;
- trafficking and modern slavery.

4.8 Pearl Hyde School will also take action to protect;

- Children missing education;
- Children missing from home or care.

4.9 There are other familial issues that can have a detrimental impact on children. We work with other agencies in line with Keeping Children Safe in Education (2019) to support children and families in the following circumstances;

- Children facing the court procedures and/or children in the court system;
- Children with family members in prison;
- Children who are homeless.

4.10 Pearl Hyde School have a duty to refer any children who are living in a private fostering arrangement to the local authority.

4.11 All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions to have "due regard" to the need to prevent people from being drawn into terrorism. See Appendix B for further information on Pearl Hyde School's Prevent duty.

4.12 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

4.13 See Appendix B for further information and guidance on the above issues.³

5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the designated safeguarding lead as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead without delay. Although any member of

³ Please note that definitions of physical, sexual, emotional abuse and neglect are contained in the main body of the policy. Further information about other safeguarding issues and indicators of abuse can be found in Appendix B.

staff can make a referral to Children's Social Care, where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to children's social care or to the police, they should inform the DSL as soon as possible.

5.2 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately;

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;
- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality;
- Any significant changes in a child's presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures of abuse that children have made.

5.3 There will be occasions where a child discloses abuse directly to a member of staff. If this happens, the member of staff will;

- listen carefully to the child and believe what they are saying;
- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support;
- only ask for clarification if something is unclear and will not ask 'leading' questions;
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day;
- only discuss the issue with colleagues that need to know about it; and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have a discussion with the DSL prior to this.

5.4 The designated safeguarding lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child, or following a direct disclosure. The DSL may;

- Manage support for the child internally;
- Seek advice from the social worker advice line in the MASH;
- Instigate single agency intervention and work directly with the family to improve the situation;
- Offer an Early Help Assessment to provide multi-agency help to a family;
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if Pearl Hyde School is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but the school believes that a child is at significant risk of harm, a referral will still be made to children's social care.

5.5 For further information about the Coventry Safeguarding Children Partnership's 'Right Help, Right Time' guidance, which is used by Pearl Hyde School to make decisions about protecting children, please visit <http://www.coventry.gov.uk/righthelprighttime>.

5.6 See page 17 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, September 2019).

5.7 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL, but the legislation requires regulated health and social care professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.⁴

5.8 Pearl Hyde School understands that both adults and other children can perpetrate abuse, and peer on peer abuse is taken very seriously. Peer on peer abuse can include bullying, cyber-bullying, physical abuse, sexting, sexual violence and/or harassment, upskirting, and initiation/hazing ceremonies. The school recognise that safeguarding issues can manifest as peer on peer abuse.

5.8.1 All members of staff will be made aware of the school's policy and procedures with regards to peer on peer abuse.

5.8.2 The school will work to prevent peer on peer abuse by taking any disclosures seriously and considering all aspects of the disclosure. Informing parent/carers promptly. Using school resources regularly and especially when any disclosure is made e.g. NSPCC resources

5.8.3 In the event that an allegation of peer on peer abuse is made, Pearl Hyde School will investigate this by speaking with the child/children separately to gather the relevant information and report this onto the CPOMS system. If necessary outside agency work will be sought

5.8.4 In the event that an allegation of peer on peer abuse is made, victims and alleged perpetrators will be supported by the DSL, The Learning Mentor and if necessary outside agencies including Social Care

5.8.5 Pearl Hyde School will never pass off peer on peer abuse as 'banter' or 'part of growing up'.

5.8.6 Online activity outside of the school community but being brought into school due to the irresponsible use of technology specifically be children in KS2 the school take these incidents very seriously and take steps to inform parents/carers and children about the risks such activity poses to young people

⁴ *introduced in Section 5B of the FGM Act 2003, as inserted by section 74 of the Serious Crime Act 2015

- 5.8.7 Pearl Hyde School will adhere to guidance set out in Keeping Children Safe in Education (2019) and Sexual Violence and Sexual Harassment in Schools (May 2018) when responding to incidents of peer on peer abuse.
- 5.8.8 All staff will be made aware that 'upskirting' is a criminal offence.

5.9 Youth Produced Sexual Imagery ('sexting')

5.9.1 'Sexting' refers to any sharing of youth-produced sexual imagery between children. This includes;

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

5.9.2 Pearl Hyde School has a responsibility to educate children in the risks relating to 'sexting' and how to keep themselves safe online.

5.9.3 Any incidents or suspected incidents of 'sexting' should be reported to the DSL without delay.

5.9.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include;

- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, (January 2018);
- Referrals to the police and/or MASH;

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;
- Extreme, or violent content;
- Immediate risk of harm.

Actions where there are concerns about a child

(1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part four of this guidance.

(2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

(3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

(4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

(5) This could include applying for an Emergency Protection Order (EPO).

5.11 To raise concerns about children, members of staff should contact the Multi-Agency Safeguarding Hub (MASH) by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the MASH. The school will follow up referrals if we do not receive feedback from social care.

MASH Telephone number: 02476 788 555

MASH online referral form: <http://www.coventry.gov.uk/safeguardingchildren>

Out of hours Emergency Duty Team: 02476 832 222

Prevent/Channel Referrals: Refer to MASH (mash@coventry.gov.uk) and to CTU_GATEWAY@west-midlands.pnn.police.uk

5.12 If a child's situation does not appear to be improving following a referral, the school may re-refer the child. We will also consider using the [Coventry Safeguarding Children Partnership's Escalation and Resolution of Professional Disagreements policy](#). to ensure that our concerns have been addressed and that the situation improves for the child.

6 Record-keeping

6.1 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.2 Pearl Hyde School keeps all safeguarding files electronically, using a system called CPOMs.

6.3 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.4 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file. Once received by the new school, this school will not retain the information.

6.4 The school will seek at least two emergency contacts for every child.

6.5 All data processed by Pearl Hyde School is done so in line with the General Data Protection Guidelines. Please see the following policies for additional information;

Data Protection Policy and Privacy Notice

7 Photography and Images

7.1 Consent from parents to photograph children at school events for promotional reasons will be sought when the child joins Pearl Hyde School.

7.2 Parents can withdraw consent at any time and must notify Pearl Hyde School if they do not wish their child's photographs to be used.

7.3 Photographs of children used publicly will not be displayed with their name or other personal information.

7.4 Photographs of children will be processed in line with the General Data Protection Regulation.

8 Early Help

8.1 Pearl Hyde School is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who comes into contact with children and their families and carers have a role to play in safeguarding children. Pearl Hyde School works closely with its neighbouring family hub to work with families in the community to improve outcomes for children.

The Moat Family Hub

The family hub model is an approach to the delivery of early help services centralised around a building, where a number of different services providing information and support to families, children and young people are based. They will provide early help and support for families, children and young people aged 0 – 19 years up to age 24 where a young person has a disability.

11 Allegations of abuse against staff

11.1 Pearl Hyde School takes all allegations against staff seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education

⁵ Also known as 'youth produced sexual imagery'.

(September 2019) and the CSCP Guidance, 'Allegations against Staff and Persons in a Position of Trust'.

11.2 If a concern or allegation of abuse arises against the Headteacher, it must be reported to the Chair of Governors without delay.

11.3 If a concern or allegation of abuse arises against any member of staff other than the Headteacher, it must be reported to the Headteacher without delay.

11.4 Allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.5 The Headteacher or Chair of Governors should consider if the allegation meets the threshold for Designated Officer intervention. The details of the LADO can be found at the front of this policy.

11.6 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

11.7 If a child has suffered abuse or harm, a MASH referral will also be made.

11.8 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to Pearl Hyde School in managing the allegation.

12.1 Pearl Hyde School recognises the importance of teaching children how to stay safe and look after their mental health and are committed to equipping children with the skills and knowledge to have successful and happy lives.

Health, Well-being and Relationship Policy
Protective behaviours
Information sessions for parents regarding SRE
Safeguarding is a thread throughout the curriculum

13 Children Looked After

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. Pearl Hyde School recognises that children looked after may have additional vulnerabilities. The Designated Lead for Looked-After and Previously Looked-After Children is Rebecca Edwards, Inclusion Lead and Assistant Head.

13.2 Staff will receive training on how to best safeguard children who are Looked-After and Previously Looked-After.

13.3 The school will work with Personal Advisors when children leave care (where applicable).

13.4 Pearl Hyde School is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

14 Children with Special Educational Needs

14.1 As outlined in **Keeping Children Safe in Education (2019)**, Pearl Hyde School is aware that children with additional needs or disabilities may be more vulnerable to abuse and additional barriers may exist when recognising abuse and neglect. This could be because;

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.⁶

4.2 Staff will be trained in recognising signs of abuse in children with SEN and disabilities.

4.3 Staff will take into account the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENCO will be sought in these circumstances.

4.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

⁶ Keeping Children Safe in Education, September 2019

15 Use of reasonable force

15.1 There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is necessary.

Any Team Teach required is as a last resort.

The incidents are recorded on CPOMS and parents/carers informed on the day.
