MESSAGE FROM MRS O'HARA

Week 3 complete! It has been another full week for us all, at home and in school, so thank you to everyone for the part you played in our successes this week. The teachers have loved seeing and getting to speak to so many of the children working at home via the Google Classroom Meetings. These meetings, together with the work that is being uploaded, really show how well we are embracing our new way of learning.

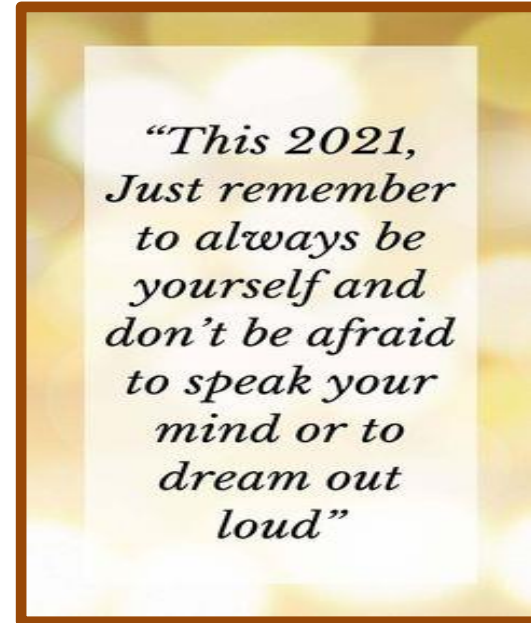

It is new for all of us and brings with it a new set of expected behaviours. Sadly we have been made aware of some activity in Google Classroom this week that is unacceptable and unsafe. Please read the Remote Learning Policy, attached with this newsletter and see especially, APPENDIX A and APPENDIX B, regarding Google Classroom protocols, designed to help keep everyone safe and happy.

I urge you again, if you are able, keep your child at home during these times. As the Government has made everyone aware, home is the safest place for them. The numbers we have in school are far greater than in the first lockdown. The risks are therefore higher. This will mean that, should a bubble be forced to closed due to a positive COVID case, children of critical keyworkers who have no alternative childcare will have to isolate at home preventing those keyworkers from doing their jobs. Your cooperation with this is greatly appreciated.

As is always the case, we are here if you need us, please telephone or email and someone will get back to you.

Stay home and stay safe.

Theresa O'Hara

Thank you to everyone who has shared their dream for 2021. We would like to fill our school with your dreams PLEASE, PLEASE send them on to us and put them on our Facebook page (safely). They can be in any format; drawing, painting, model, written ...

SCHOOL EMAIL ADDRESS

Please check you have the correct email address for school – admin@pearlhyde.co.uk. This week we found a number of emails from families that had been sent to our old email address and due to a technical issue with the system we did not receive them. If you need to get in touch with us, please use the email address above or telephone 02476 610165, that way we can ensure we respond to you as swiftly as possible. Don't forget to follow us on Facebook and Twitter!
